*NOTE: This plan is intended to illustrate that it is possible to complete the upper-division requirements of the BSW Social Work degree in two years. The plan is subject to change based on students' course placement, successful completion of prerequisite courses, hours earned and career goals. The curriculum requirements on this sheet are for students entering under the 2025-2026 academic catalog. Students will be held accountable all course prerequisites and should refer the YSU Course Catalog for this information. Students with less than 60 credit hours are required to meet with an Academic Advisor each semester prior to registration.

**This 2-year plan assumes the student has already completed an AA or AAS degree to satisfy general education requirements, pre-Social Work classes and electives. Additional classes may be needed to complete full degree requirements.
